

Trade platform: Ninja System but all acceptable
Webinar: ClickMeeting
Room hours: 8:00 am – 11:00 pm EST
Indices traded: CL, EMD, FDAX, GC, NG, ZB, ZM
Products: 5 Day Trial \$20
Monthly Membership: \$299

April T, Founder & Head Trader
tradeforgreatness.com

Like many other private rooms I have evaluated, I am also curious as to what talents and achievements might be present. April has been part of Tesseract Trading for years, most recently True North Trade room which generated a spectacular P/L record with her trading. I began my 3 month real-time review of her trading starting mid Feb 2016. She has been exposed to futures trading based on truthful, transparent and profitable all of her career, so for me it was just a matter of assessing for consistent and sustainable trade profits derived from two dissimilar trading methods (free style and fixed style). April glides through her trades with precision based sheer mental interpretation of price, time and projection (free style). One other system (fixed style) relies on heavy math, chronology and optimized brackets. She uses pullback entries on most trades. For 2017, 3 contracts/trade, gross P/L greatly exceeds a net of \$50K/year with good daily trade rates. Her style is friendly, pragmatic and disciplined, much like other Trade Titans. She firmly believes femininity is exploited as a sales method and has no place in trading, enforced by her open “Titan Up” challenge to other women traders to trade truthful, transparent and profitable as she does. As of this writing, none have stepped forward.
